- Every contact and meeting room is reachable by IP address, URI or telephone number

MEETING ROOMS

Every user can create meeting rooms

- Full-screen presenter mode
- Moderator mute/unmute all or individual participants
- Remove individuals or end meeting for all participants
- Optional security passcode
- Configurable layout options
- Each room supports up to 50 participants joining on an H.323/SIP video system, Lifesize app, guest client or telephone

CALL ESCALATION

Create a group call by simply adding another person to your call—no need to hang up and dial a bridge or meeting room (Feature available on the Lifesize app, Lifesize® Icon™ and Lifesize® 220™ room systems)

UNLIMITED GUEST CALLING

Anyone can join your call from a web browser (Chrome®, Internet Explorer® 11, and Microsoft Edge™), desktops (Windows®, Mac®), mobile devices (iOS, Android™), and from a video conferencing system

TELEPHONE SUPPORT

Local telephone numbers in 60+ countries—provides dial-in support to all contacts and meetings

USER AND MEETING DIRECTORIES

Lifesize simplifies dialing your contacts. You no longer need to dial long IP addresses because every Lifesize app and Lifesize Icon room system comes with a prepopulated search-based directory—simply select the entry you wish to call.

Add existing room systems to the shared directory
